Participating teams will provide game balls at home plate prior to the game.

Game times are 1 hour, 15 minutes. Drop Dead at that time. Games may end tied.

Umpires will keep the games moving, but the more time you take between innings, between batters, and between pitches, the less time for the ball to be in play.

Coin flip by umpires at home plate to determine home team.

There is no assignment of dugouts. First come, first served.

No infield warmups before the game. Be ready to play when the prior game ends.

There will not be water in the dugouts for these games. We suggest that each girl carries a water bottle.

Free substitution. No line-up cards required. Bat your entire roster if you want to.
